Quality, Simplicity, and Affordability

Designed for small to large size groups, for use with any video conferencing software application — including the ones you already use. Logitech ConferenceCams deliver crystal clear audio and razor sharp video that is so amazingly affordable, any meeting place can be a video collaboration space.

Logitech ConferenceCams are changing the way teams collaborate, opening new possibilities and eliminating old boundaries. With plug-and-play simplicity, full duplex omni-directional speakerphones, and a wide field of view — now everyone in the room can be easily seen and heard.

Conceived and developed for business collaboration, Logitech ConferenceCams offer performance businesses can rely on — plus advanced functions like wireless screen mirroring projection and far-end camera control. That, plus business certifications and award winning design, make Logitech ConferenceCams the right choice for business.
